\*Recommendations for schedule

## 3. MTSS

\*Recommendation for the schedule

-MTSS is a Reg. Ed initiative, not a spec. ed. Initiative

-Master scheduling is extremely important in helping reg ed teachers have time outside of core instruction for intervention prior to bringing students to team.

We have **one I/E** time. Most schools have moved to two of these “flex” times to provide intervention outside of core instruction time. This will also help specialists have time to help our students with the greatest needs.

-MTSS met Thursday: discussion is consistent with **strengthening the core** across the state and the district. Using two “flex” times w/o giving them specific names so that students can be served the interventions they need.

-How do we make this effective for all of our students’ w/o over-burdening our staff? Need to make a commitment to meeting the needs of **all students**. Our best work will have to be put forth to provide effective instruction to move everyone forward.

-Is the SIT team behind the schedule? Is this the direction we want to go?

\*5 minutes out of reading and math w/ the added 10 minutes on the end of the day and 10 minutes for original IE

\*assistants are not missing core instruction time

\*encore is helping pick up/drop off students

\*5 minute gaps in lunches so students should not be spending 15 minutes in line

\***hit the ground running**, announcements will start on the bell ring, end on the bell ring

-Kindergarten: can adjust snack time w/ recess and not mess with recess

-1<sup>st</sup> Grade: flip math and ss/sc

-2<sup>nd</sup> Grade: flip ss/sc and recess

-3<sup>rd</sup>, 4<sup>th</sup>, 5<sup>th</sup>, 6<sup>th</sup>: happy, happy, happy

-Eagle Block: Shera will have to fix for her schedule, 6<sup>th</sup> until 10:10; all others are good
